School education system

- Primary and lower secondary education in Croatia (ISCED 1 and 2) is a single structure system of compulsory education lasting eight years.
- It starts* at the age of 6-7 and ends at 14-15.

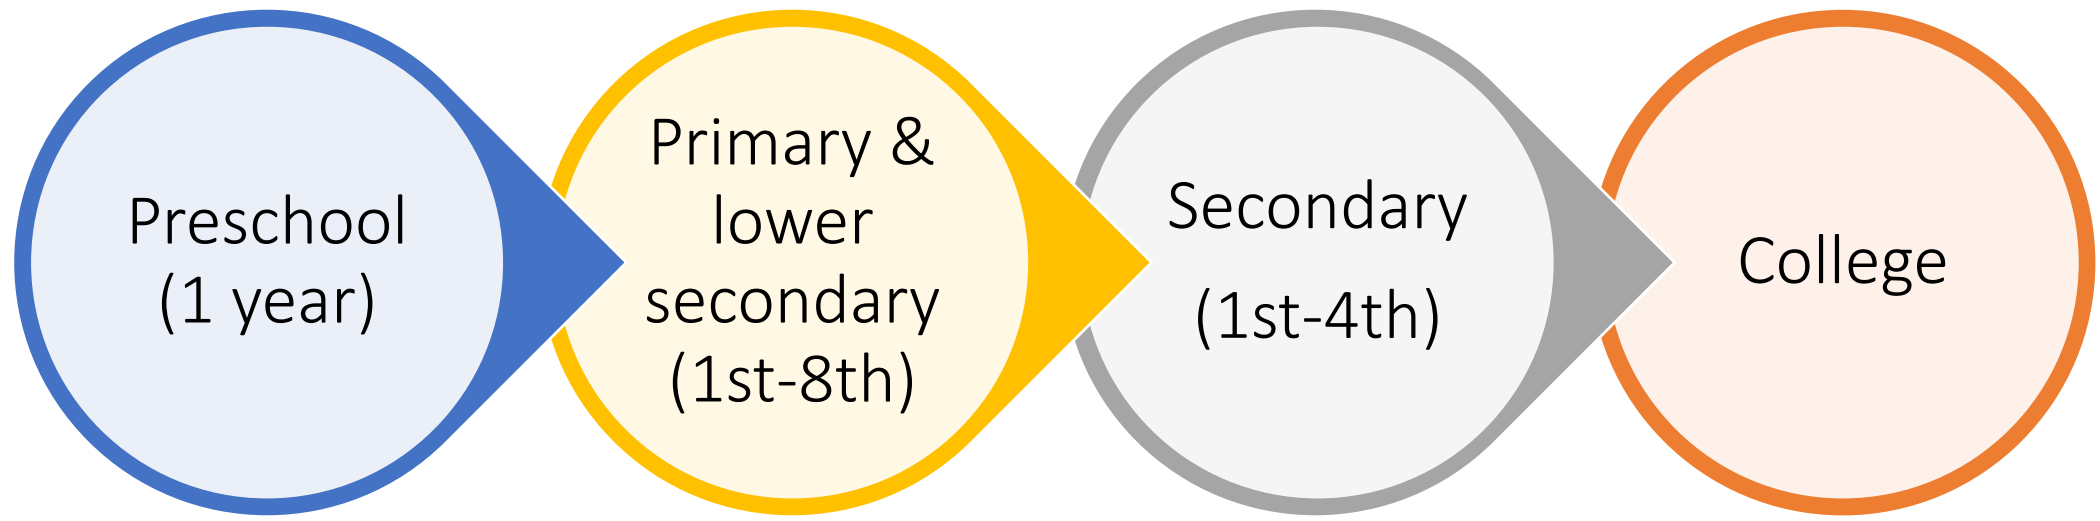

„Duro Pilar“ primary school

A school where good ideas become reality

**The exception are pupils with developmental disabilities for whom the education may last until the age of 21.*

- Primary education includes general education and prepares pupils for the continuation of education in upper secondary schools.
- The conditions for enrolment in secondary schools are based on the average of final grades. Some schools, mainly science-oriented grammar schools, have introduced additional entrance exams.
